Hi Mark,

We are still waiting on the Nafion BP 2 product from Synquest to be shipped out. We will reach out when it arrives to set a meet up time with you.

Hope you had a good weekend!

Hi Mark,

It was a pleasure meeting you at the CHHE PFAS symposium, and I hope we can help you with whatever you need. I spoke with Jackie Bangma; we would love to share some of our NBP2 with you when it comes in. We are told the prep should be complete by the end of this month. When we have a shipping estimate, I will reach out again to schedule the drop-off with you. Let me know if we can help with anything else!
